BEANS & BAGELS

Now what's this? It's **Bagels & Beans** right? This is the coffee cup upside down! Relax Sherlock, stimulating your senses feels good, right? Did you know that we are not only bagelholics, but that we are also real bean freaks? That is why Beans also shines on our facade. We select beans with great care and attention, roast them until they are golden brown and through the barista, they eventually end in an insanely delicious way up on your table (to our opinion, but this is of course very subjective).

Call us subjective or crazy, but we see the world through the hole of a bagel. Noise disappears and all your 7 senses suddenly focus on what makes life interesting. Not 5 but 7 indeed, and there is nothing paranormal there. Fancy seeing them all in action? Then make a **'bagel viewer'** out of your fist and focus on our coffee.

Listen to the fanfare of the coffee grinder grinding beans. **See** how loving the barista conjures up cheerful latte art. **Smell** the full sweet aroma of our medium-roast arabica blend. Notice by the **movement** of your muscles that the cup is approaching your mouth. **Taste** refined bitters of dark chocolate and sweet and sour dried fruit. **Feel** the divine drink warming your body with pure love. Body and mind in **balance**, like a yoga guru floating ultra-zen above his mat. We call it **Jum and Jam**.

At Bagels & Beans we work with our hands and our hearts, because of that not everything is always **'coffee spotless'**. Fortunately that doesn't matter, because we don't take ourselves too seriously. But our products and service even more so. In fact, we owe that crazy bagel for our anti-herd behaviour. In everything we serve you can taste the passion, craftsmanship and stubbornness of the maker. That promise has set us apart since we put the bagel on the map in the Netherlands in 1996.

Secretly peek at the people around you and you will see: we love serving a smile the most. Happiness is everywhere, like in your delicious order that will arrive soon. Doesn't that give you a spontaneous **sensory feeling?** Oh well, don't worry about our name. Those B's will turn around automatically. Enjoy this moment and **amaze your senses!**

Love,
all bagelholics, coffee artists, tray divas and bagel bosses

EARL GREY Steeping time 2 minutes - Black tea from South India with the best bergamot oil from Italy make this a very distinctive Early Grey tea with a sweet lavender citrus flavour.

ASSAM ANANDA Steeping time 3 minutes - Powerful, aromatic black tea from the second flush (second harvest in June) for an extra rich, full flavour. Luxurious variation on English breakfast tea with a warm mahogany brown colour.

ROOIBOS LEMON GINGER Steeping time 3-5 minutes - A fresh citrus aroma from orange peel in combination with green unfermented rooibos and mild spicy ginger makes this a lovely refreshing drink, enhanced by the flavours of sunflowers.

HIMALAYA VIEW NEPAL Steeping time 1,5 minutes - Green tea from the high altitude tea plantations in the eastern part of Nepal. Dark green leaves with fine, clear tips form a golden yellow colour in the glass. With delicate aromas of courgette and spinach.

JASMINE Steeping time 2 minutes - A green tea from the mountains of Jiangxi. A beautiful dark green to nearly dark blue leaf filled with the scent of a thousand Jasmine flowers. The golden colour in the glass makes this tea clear, mild and delicate.
